Nice to meet you and hello! My name is Sakuragi Mei.  
Despite it being the fourth book this time, it is only a  
collection of one-shots. ...Only, but there is an extra story to  
my previously released third book, "laughs". On this note,  
please read the continuation of my books if you like... (What  
about advertising?)

Looking back on the development of my old manuscripts, it really  
encourages me! This time, too, I had to do some retouching. Those  
who own the magazine or anthology versions might've noticed the  
changes. No, please don't notice them!

But there is one thing for me that hasn't changed since back then.  
That is ... quite frankly, I LOVE VILLAIN FACES! Well... I  
don't know why this is the only thing that hasn't changed. At that  
time, my friends were also completely wrong when they picked  
out the characters I liked. Especially in shounen manga I'm  
the only one who would like evil-looking characters  
("stereos off"). ...gasp... Could this mean I'm  
going crazy in this job? ♪

...Well, I'm this kind of person but I want to thank  
everyone who thinks favourably of me (I really  
appreciate it), those who read my books and my editor  
who's always helping me! Thank, you!!  
I would be happy if we met again next time! ☆
